

MUTUAL RESERVE CLOSING IN LONDON

Life Company Has Ceased Effort to Secure New English Business.

LONDON, May 25.—The head office of the Mutual Reserve Life Insurance Company in London and all the country agencies did not open for business today.

Vice-President George D. Eldridge, of the Mutual Reserve Life Insurance Company, of this city, said today that the company had discontinued all effort to secure new business in England. It will, however, continue to carry on the insurance already in force there.

This restriction on the amount of commission which the company is permitted to pay to agents for new business imposed by the new laws of this State, Mr. Eldridge said, made it unprofitable for the company to seek new business.

This is due in part, he said, to the fact that the company's present business in England is not large. The company has been gradually increasing its efforts to get new business for two years.

CUPID BUSY IN PATERSON SCHOOLS

Resignations of Teachers Who Are Prospective Brides Still Come In.

PATERSON, N. J., May 25.—That cupid keeps busy among the public school teachers of Paterson is shown by the fact that at almost every meeting of the School Commissioners resignations of teachers are received, and when the cause is asked the invariable reply is that the young women are about to be married.

At the meeting of the Commissioners last night the resignations of three young women teachers who are to be June brides were announced, and Superintendent said that the end was not yet, as he had heard that a number of other teachers were to be married next month, and expected that the crop of resignations at the next meeting would be large.

He added that at this rate he would soon have to ask the Board to engage out-of-town teachers, as had been done before, as the number of normal training school graduates would not be sufficient to fill the vacancies at the beginning of the next school term in the fall.

It has been remarked that Paterson's young doctors are largely responsible for the shortage in the supply of teachers, as an extraordinary large percentage of the teachers who have been married have become the wives of medical men.

GRABBED HAND THAT TUGGED AT POCKET.

Henry Borchus Says John Burris Tried to Rob Him During Bridge Crash.

Henry Borchus, of No. 1550, Sixty-eighth street, Brooklyn, was crossing the bridge last evening on a surface car during the rush hour, when he felt a tug at his hip pocket.

As he was carrying several hundred dollars, Borchus moved away. A minute later he felt a hand sliding along his hip again, and once more he moved. After four such experiences he determined to catch and hold the intruding hand, which he did, in spite of the struggles of the owner.

Borchus handed the man over to Detective Johnson, who learned that his name was Thomas Burris. The two addresses given by the man were found to be fictitious, and today he admitted that he came from Pittsburgh. The police believe him to be a man for whom they have been looking for the past two or three days and who has been working the bridge during the rush hours.

THREE HURT IN CAR SMASH.

(Special to The Evening World.) MOUNT VERNON, N. Y., May 25.—Mrs. Graham White, wife of a well-known merchant here, is prostrated with shock today, sustained in a collision of trolley-cars. Mr. White and a lady friend of his wife, who accompanied her, were severely shaken up. The accident occurred last night, when a trolley-car ran into a Peim car on the Chester Hill branch of the Union Railway.

Money is a Good Thing to Save!

If your idea of being a "Good Fellow" is to go through life paying regular, high prices, without hesitation, for the things you need from day to day in your store, home and office, then the exceptional opportunities to make your purchases on the "Bargain" basis offered daily through The World's "For Sale" columns will probably not interest you. But if you have in saving all the dollars you can on the things that a dollar saved is a dollar earned, then these World "Bargain" offers will help you to start and grow a bank account.

LARGE ENTRY LIST FOR YACHT RACE

Seventy-six Boats Start in Metropolitan Regatta on Decoration Day.

Seventy-six boats have been entered for the third annual regatta of the Metropolitan Yacht Club, which will take place on Decoration Day. The start will be made from a position near College Point, and the boats will sail over the Sands Point course. Nearly every yacht entered is now in commission, and the few that require finishing touches will go overboard within a few days. This will undoubtedly be the most interesting and exciting race in the club's history.

The club went into commission last Saturday and celebrated the event by the usual salute to the flag in the afternoon and a dinner in the evening. The invitations being confined to members and the officers of the clubs composing the Corinthian Yacht Racing Union.

Race of Power Boats.

The race committee of the Manhattan Yacht Club has issued a programme for the third annual power-boat race of the club, to be held Memorial Day. There will be two classes, divided by a 50-foot measurement, although other classes will be made if a sufficient number of entries are received in the final closing of the entry list at noon on May 29.

Newport Yacht Race.

The Newport Yacht Club will have an outside race for small boats July 1, for

which Louis L. Lortillard, Jr. will give two cups if three boats finish, and three cups if five finish. The course will probably be from a point near the entrance to the bay to and around Breton's Reef and back.

Bristol-Montauk Race.

Under the rules formulated by the Regatta Committee of the Bristol Yacht Club there will be three classes in the ocean race to be sailed Saturday, June 30, one for sloops of 15 to 20 feet, one for cutters of 15 to 20 feet, and one for cruising boats and a third for catboats. The race being open to yachts under 51 feet load line measured without crews on board. Yachts will be rated under the old Seawhaka rule. And a further time allowance will be made by the committee.

James A. Durand presents a cup to be known as the Bristol-Montauk Cup to the winner in each class, and if seven or more boats start in a class there will be a second prize. The course is from a point near the clubhouse at Bristol, R. I., around a stakeboat at Great Eastern Rock, one and three-quarters miles east of Montauk Point, and return, a distance of about 88 nautical miles. Entries close June 25.

Caleb Loring, owner of the knockabout Fritter, has ordered Burgess & Packard to class 2, now intended as a competitor for the Lipton Cup, which was offered as a trophy representing the championship of the Yacht Racing Association, Massachusetts Bay. The new boat establishes the class 2 in Massachusetts waters.

COTTON FALLS BACK FOR LACK OF SUPPORT.

Business at the opening of the cotton market today was quiet, with the list displaying a tendency to work upward on the strength of the cables from Liverpool. Efforts to sell on the bolls disclosed the fact that the list was poorly supported and prices eased a couple of points.

The opening prices were: May, 11.40 offered; June, 11.15 bid; July, 11.16 to 11.17; August, 10.90 to 10.91; September, 10.92 to 10.93; October, 10.94 to 10.95; November, 10.95 offered; December, 10.94 to 10.95; January, 10.98 to 10.99; February, 10.99 offered; March, 10.95 to 10.96.
